

WHEREVER THERE IS WATER, PLEASURE BOATING ABOUNDS

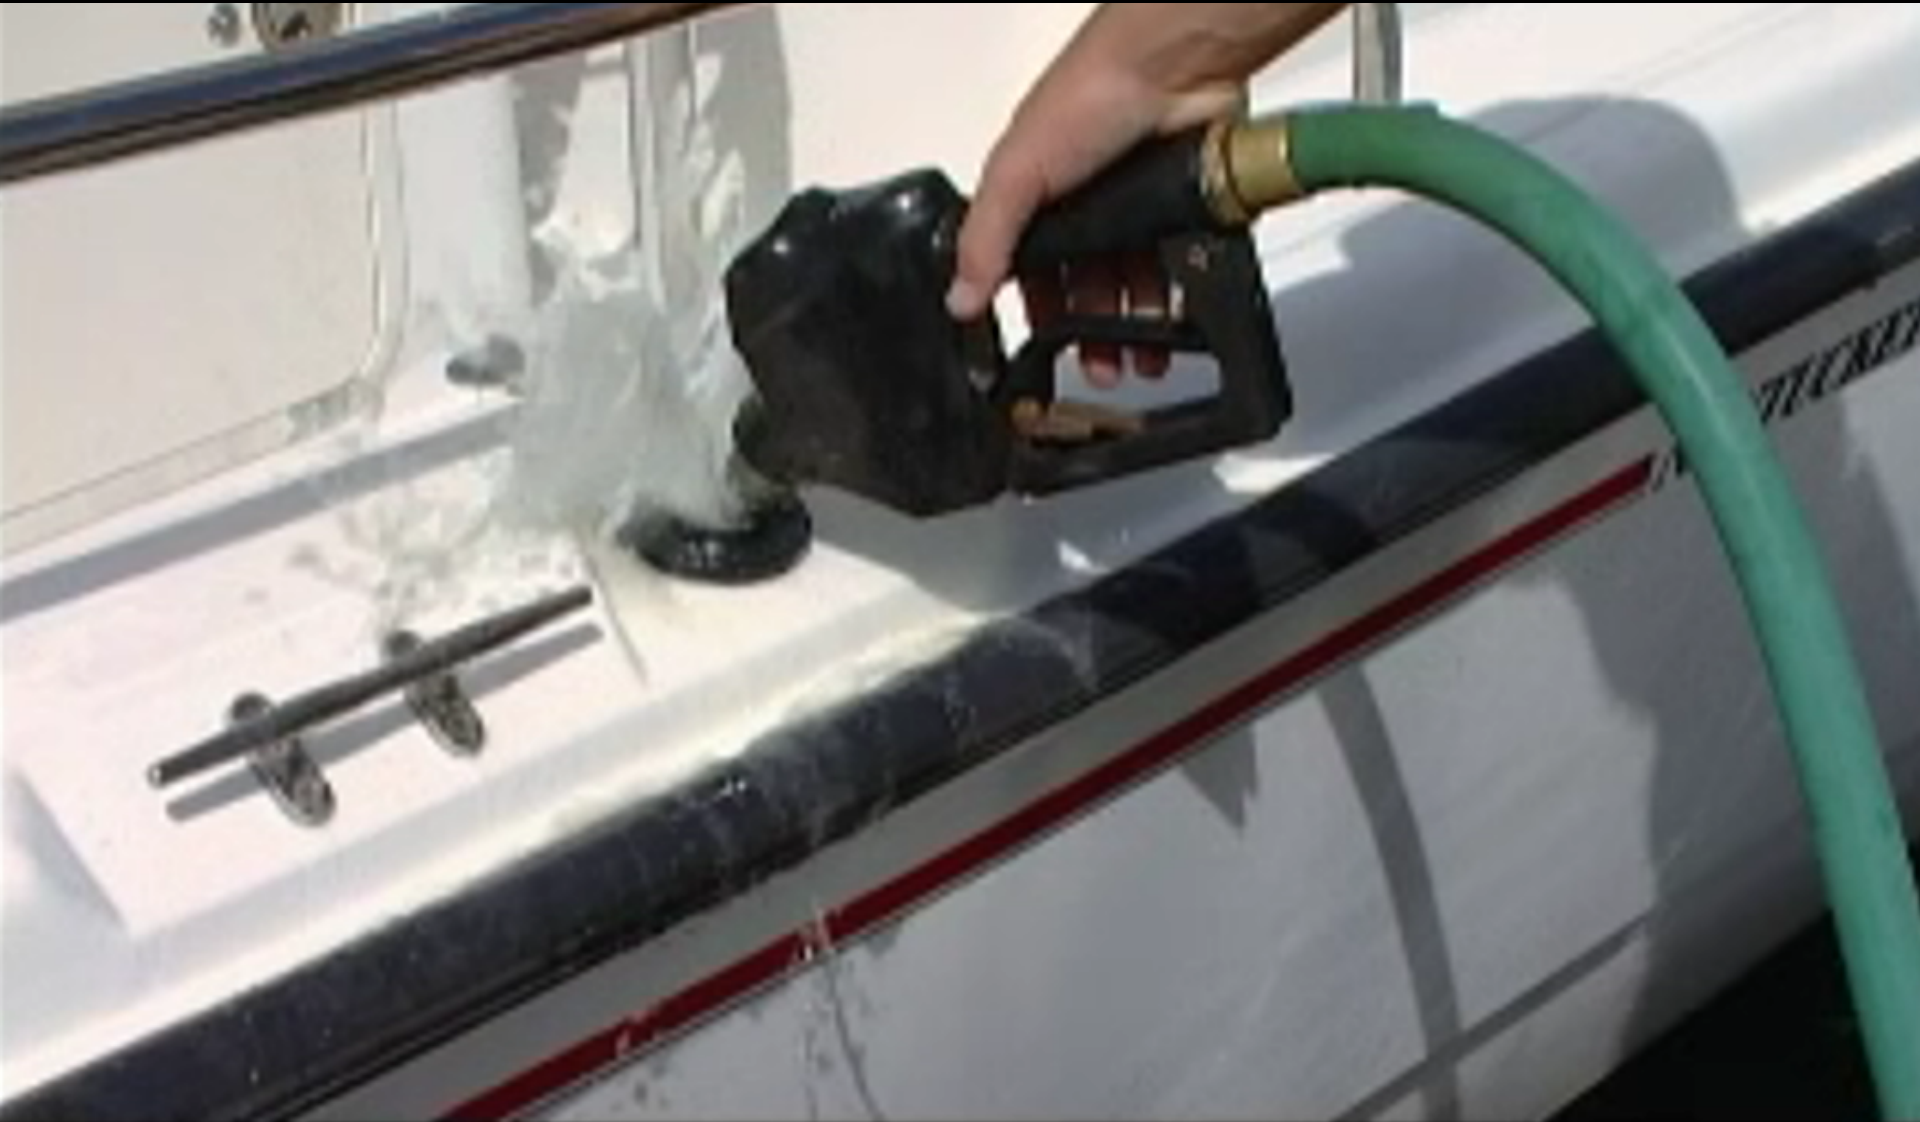

*ROW BOATS,
POWER BOATS,
SAIL BOATS, YACHTS,
SHIPS, MARINAS, YACHT –
CLUBS, FISHING, CRUSING, RACING,
SNORKELING, SCUBA DIVING, WATER SKIING...EVERYONE LOVES TO GO BOATING*

BUT LEAKY ENGINES & FUEL LINES...

CAN COST A BOATER DEARLY. GENERALLY SPEAKING, BOATERS FACE MORE THAN THEIR FARE SHARE OF PETROLEUM RELATED ISSUES.

OVERFUELING A BOAT IS A COMMON OCCURANCE

WHEATHER IT IS FROM OVERFILLING A BOAT OR A FUEL TANK LEAKING INTO THE BILGE, FUEL SPILLS HAPPEN EVERY DAY IN THE BOATING WORLD.

DE-OIL-IT CAN ELIMINATE THEM

WHEN SPRAYED ON A FUEL OR OIL SPILL ON WATER, DE-OIL-IT WILL DETOXYFY THE PETROLEUM, ENCAPSULATE THE PARTICLES AND FLOAT THEM TO THE SURFACE UNTIL THE LOCAL BACTERIA BREAKS THEM DOWN NATURALLY.

UNFORTUNATELY, THIS IS ALL A BOATER CAN USE

THE U.S. COAST GUARD REGULATIONS STATE THAT THE ONLY PRODUCTS A BOATER CAN USE TO TREAT AN OIL SPILL IN THE WATER ARE ABSORBENTS

THEY DON'T CARE SO MUCH WHAT GOES INTO YOUR BOAT...

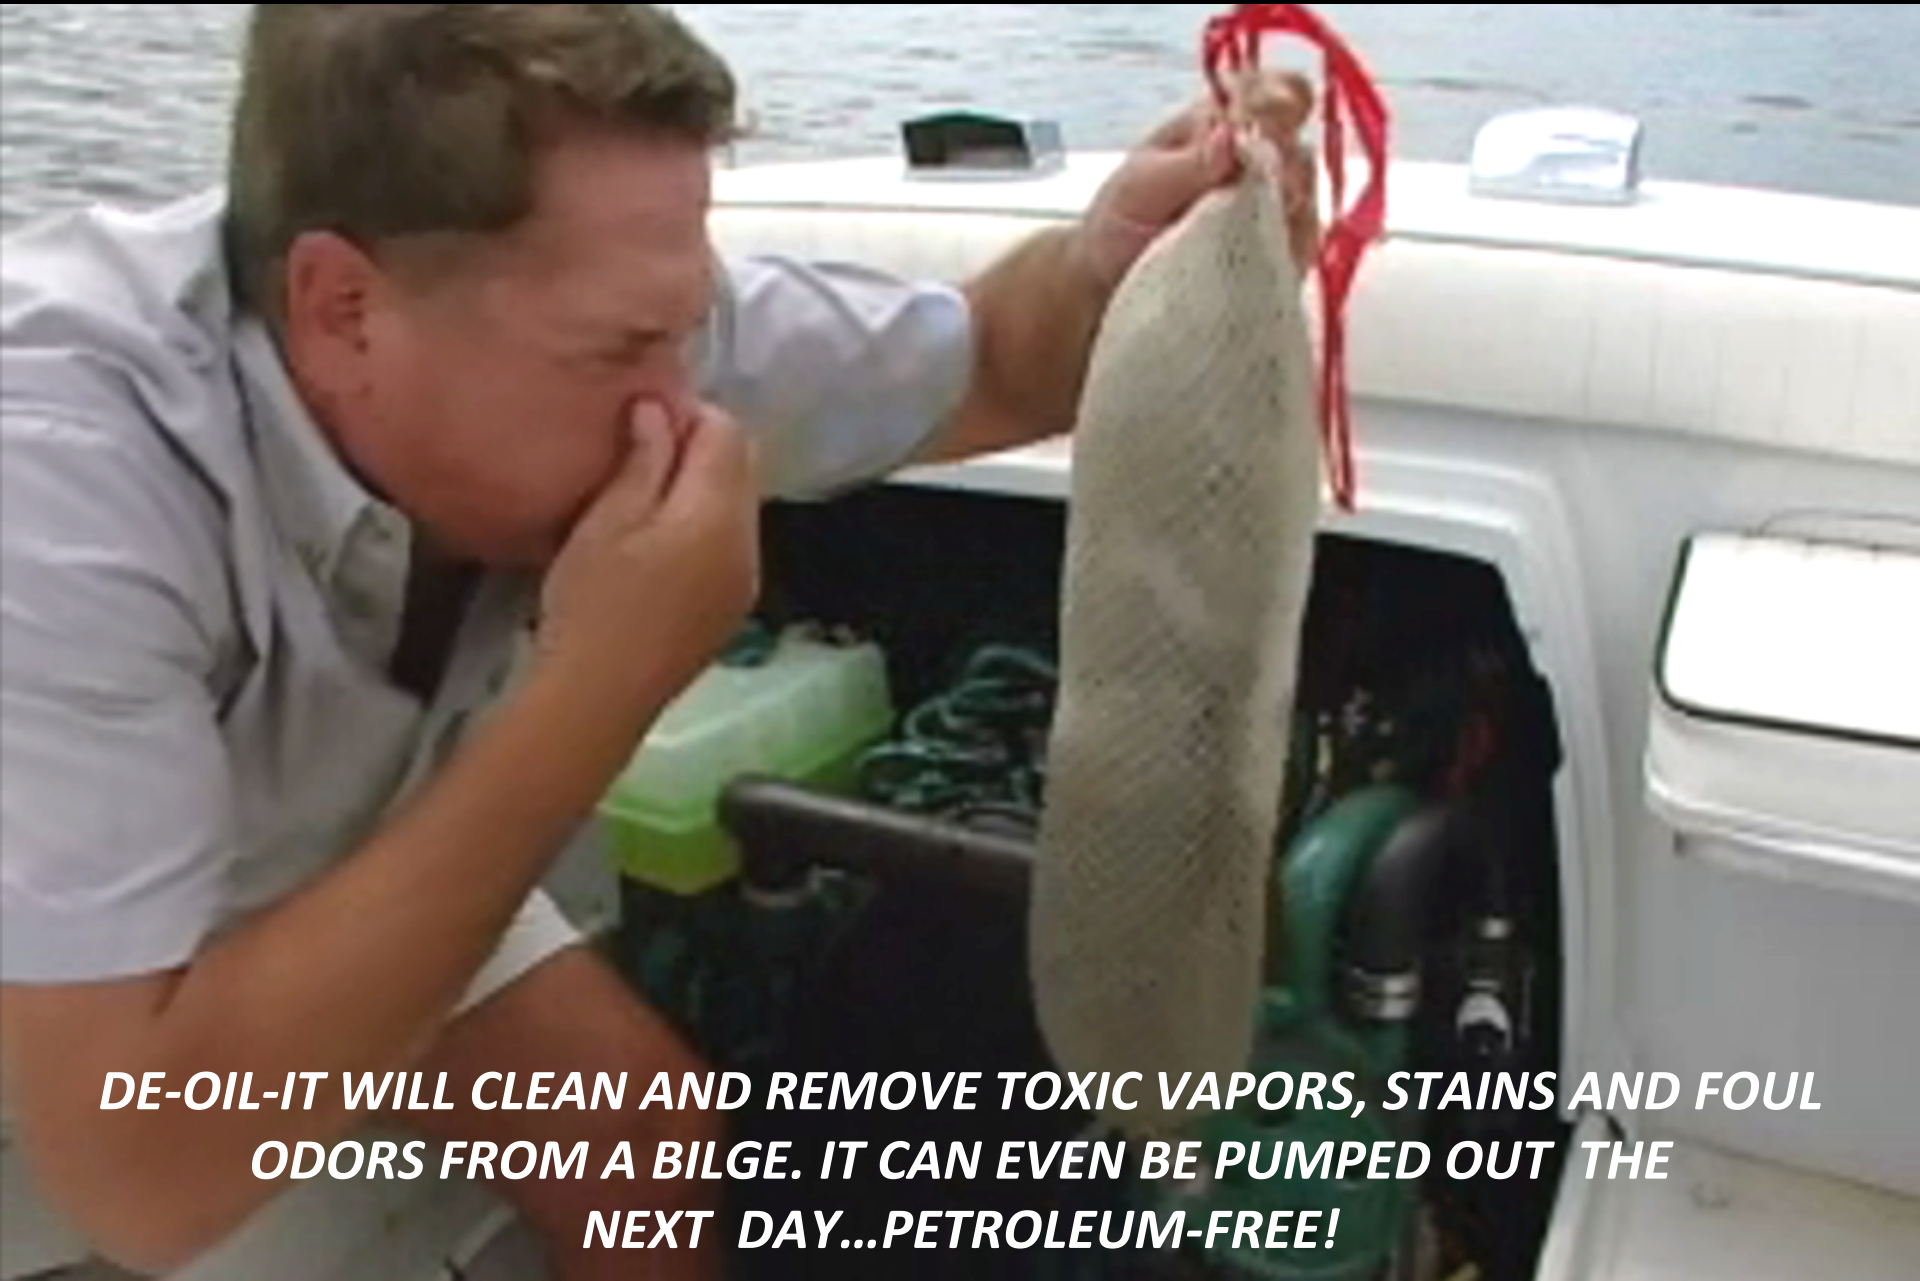

JUST WHAT COMES OUT

"I need to get some more De-Oil-It sent out tomorrow. That stuff is something else bud! I had Tar/diesel sludge in a bilge and it all but turned it clear. Very impressive."

-Captain Tom Morehead, Harpoon Charters, Hilton Head Island, SC, USA

FOR DIRTY, STINKY, SLIMY BOAT BILGES

***DE-OIL-IT WILL CLEAN AND REMOVE TOXIC VAPORS, STAINS AND FOUL
ODORS FROM A BILGE. IT CAN EVEN BE PUMPED OUT THE
NEXT DAY...PETROLEUM-FREE!***

BEFORE & AFTER IMAGES USING DE-OIL-IT ON BILGE

"All I did was spray the de-oil-it product and let it soak for not even 20 minutes. I took a soft brush and gave it a little help...you can see the finished product."

-Jeffrey M. Lingner - APF Marine Group, Hauppauge, NY, USA

THIS IS A TYPICAL CUSTOMER RESPONSE AFTER THEY HAVE TRIED DE-OIL-IT.

WOODENBOAT REVIEWS DE-OIL-IT

JANUARY, 2012

"We tried a bottle of DE-OIL-IT on a greasy bilge. It didn't take long to give that bilge a nice polish, the resulting bilge water did not have the oily, grimy feel one might expect after such an operation. There was simply no residue left in the bilge after applying this stuff and lightly scrubbing.

In a further test, DE-OIL-IT turned a sludgy, oily pot of water into a relatively clear one – clear, that is, but with little blobs of purportedly harmless “dirt” floating in it.

DE-OIL-IT is also touted as an effective teak cleaner. We tried it in that application, too, and it worked very well.

The product is sold in various concentrations for various purposes, including as a boat wash, an oil & fuel spill cleaner and even a driveway cleaner”.

NEW OR NOTEWORTHY

De-Oil-It

De-Oil-It is a chemical compound formulated to “break down all types of petroleum waste and return it back to the ecosystem.” It does this by “disarming toxic molecules in oil, making them no longer bio available.” Oily waste treated with De-Oil-It can, says the product’s literature, be safely pumped overboard—though whether this is legal or not isn’t clear. What is clear is that this is a very effective cleaner of oily bilges, fuel spills, and teak. While we didn’t have the ability to suss out what was happening on the molecular level, we tried a bottle of De-Oil-It on a greasy bilge. It didn’t take long to give that bilge a nice polish, and the resulting bilgewater did not have the oily, grimy feel one might expect after such an operation. There was simply no residue left in the bilge after applying this stuff and lightly scrubbing. In a further test, De-Oil-It turned a sludgy, oily pot of water into a relatively clear one—clear, that is, but with little blobs of purportedly harmless “dirt” floating in it. De-Oil-It is also touted as an effective teak cleaner. We tried it in that application, too, and it worked well.

The product is sold in various concentrations for various purposes, including as a boat wash, an oil and fuel-spill cleaner, and even a driveway cleaner. www.deoilit.com

Say goodbye to stinky bilge pads and boat socks

DE-OIL-IT COMPLETELY ELIMINATES GREASE, FUEL & OIL SPILLS FROM BOAT BILGES – 100%

- Breaks down all types of petroleum waste and safely reintroduces it back into the ecosystem.
- Allows for clean, petroleum-free pump-outs back into water.
- Eliminates bilge odors and fuel related boat odors.
- Cleans bilge pumps and fuel separators.
- Eliminates explosive fumes reducing the risk of fire and explosion.
- **DE-OIL-IT** Does NOT hurt the environment. It is non toxic, non microbial, no enzymes - totally biodegradable.

Kick the stink out of it!

DE-OIL-IT HELPS PREVENT FIRE & EXPLOSIONS

DE-OIL-IT REDUCES THE RISK OF FIRE AND EXPLOSIONS BY NEUTRALIZING THE IGNITION CAPABILITIES OF FUELS THAT CAN COLLECT IN A BOAT'S ENGINE COMPARTMENT OR BILGE AREA.

DE-OIL-IT IS ALSO A TEAK CLEANER

Before

After

WHEN TESTED AGAINST THE 8 LEADING TEAK CLEANERS, DE-OIL-IT CAME OUT ON TOP. DE-OIL-IT WILL NOT LEACH OUT ANY OF THE TEAKS NATURAL OILS CAUSING RIPPLING AND PREMATURE DECAYING.

IT'S A BOAT WASH TOO

WHEN USED AS A BOAT WASH, DE-OIL-IT WILL REMOVE DIRT, SCUFF MARKS, FUEL & WINE STAINS, CARBON BUILD-UP'S, BUGS AND THEN LEAVE THE WAX WITH A SMOOTH GLASS-LIKE FINISH.

DE-OIL-IT CLEANS MARINA DOCKS

*DE-OIL-IT WILL 100% COMPLETELY REMOVE DOCK STAINS FROM
CONCRETE, WOOD AND COMPOSIT DOCKS (no shadows).*
